

SENIOR CLASS WEEK

FIELD DAY

On Wednesday, May 2, 1979, the senior class ushered in its field day for the high school students. This fun-filled event took place down at the lower P.E. field during the last two periods of the day. It was a bright and sunny day--the perfect type of weather for a great day.

The field day was divided into two divisions: the intermediate division (grades 7-9) and the high school division (grades 10-12) who competed against each other in such events as Run Around Bat, Pie Eating, Apple Dunking, and of course, Tug-of-War.

The over all winners at the end of the day were the Jolly Juniors with the Mighty Seniors and Super Sophomores in second and third places respectively. The Funky Freshmen triumphed over the second and third place Eighth and Seventh graders in the intermediate division.

SENIOR LUNCHEON

Mellow tunes, the delicious lunches, and Camaraderie were some of the things that were experienced by the seniors, the underclassmen and the faculty of Lanai High School.

The luncheon was held on May 4, 1979, at the school cafeteria. It was such a fine luncheon, that it will always be a memorable event for the Mighty Seniors of Nineteen Hundred and Seventy Nine.

Then on the same day but different time, the Mighty Seniors held an assembly on an optional period. It was held from 1:15 'till the school session was over.

In the assembly, Darlene Baybayan did two hulas and sang a duet with her sister Viola Baybayan, accompanied by Jason Fabrao.

After the talent portion, the Class President, Ada Oshiro, gave a touching farewell speech, and the High School faculty and administrators were acknowledged with mock-orange leis. The seniors then honored their class advisor, Mr. Frank Chester with a standing ovation, and recognized Larry Endrina for his unselfishness and devotion for teaching the Mighty Seniors how to sing their class songs with harmony and unity.

Speaking of class songs, the seniors sang one of their class songs "You'll Never Walk Alone."

From the long and hard practices they had with Larry Endrina, the Mighty Seniors were able to produce a song that sent a tingly feeling up the spine of the listeners. The assembly concluded with the whole L.H.S. student body singing the Alma Mater.

BANQUET '79

The Mighty Seniors held their Senior Banquet on May 5 in the School Cafeteria. Ada Oshiro, Senior Class President, opened the Banquet with a welcome address. Lanai's own "Kaunāōa" played beautifully while we were eating our delicious dinner.

Mrs. Royalene Fernandez prepared ono Pansit and Salad; Jo-Jo Reinicke prepared tasty chicken long rice; Laverne Benanua made the poki and everybody's favorite, Kalua Pig, was perfectly done by Mr. & Mrs. Walter Kewiki, Mr. Dennis Eskaran and the Seniors. A beautifully decorated cake was bought by the Seniors to honor their parents.

June Dombrigues created a special moment in thanking our parents for their love and understanding. Ada Oshiro honored Senior Class Advisor, Mr. Frank Chester, presenting him with a carnation lei and plaque. The Mighty Seniors in triumph received two trophies for most participation and most money collected during the Easter Seals Disco-thon.

Richard Agaran closed the Banquet by acknowledging the help of all those above who helped including Mr. Kyle Sera, Larry Endrina, Mr. Hideo Niibu, Mr. Stanley Oshima, Mrs. Cecilia Kaaikala, Mrs. Tanee Connally.

The Banquet Committee worked very hard to make this Senior Banquet a success. The members of the committee included Wesley Sakamoto, General chairperson; Myron Honda, Leonor Amby, June Dombrigues, Henry Eskaran, Anson, Kwon, Aline Parinas, Cassandra Costales, Cindy Esteban, Claire Kawasaki, and Leilani Manuel.

HULOPOE SNEAKOUT

Thursday, May 4, 1979, was the fourth day of the Senior Class Week. We sneaked out from school and headed down to Manele beach after 3rd period.

It was a hot day which made us eager to jump in the water. Though we weren't allowed to swim until after school hours. So we just had to sit still and wait. Some played cards while others chased the frisbee.

In the latter part of the afternoon, some of us got to "paddle canoe." Julie Kuboyama got scolded alot for only riding. After that, everyone also went swimming.
